**Ryan Rodrigues selected as finalist for
"RISING STAR"
In Canada's Safest Employers Awards 2020**

It is with great pleasure that Unifor Local 975 announces that EGD Unit Health & Safety Officer, RYAN RODRIGUES, has been selected as one of three finalists for "Rising Star" in the 10th annual Canada's Safest Employers Awards, presented by *Canadian Occupational Safety (COS)* magazine.

Canada's Safest Employers Awards celebrate companies and organizations across the nation for their exceptional safety culture and wellness practices.

Finalists were selected following an open call for nominations to *COS magazine's nationwide readership of 14,000 safety professionals*.

Winners will be selected by an esteemed independent judging panel and revealed during a virtual awards gala on October 22.

"This has been an incredibly challenging year for safety professionals and for businesses everywhere," said Canada's Safest Employers project director Jessica Duce. "The list of finalists represents the best and brightest in workplace health and safety and honours those who have stepped up at a time when it mattered most. It's our honour to acknowledge and celebrate this deserving group at the virtual awards gala on October 22."

For the full list of finalists, visit www.safestemployers.com.

About *Canadian Occupational Safety*:

For almost 60 years *Canadian Occupational Safety* has been the premier publication on occupational health and safety in Canada. In each issue, readers get a compelling mix of practical, informative, high-quality articles to help them in their work as health and safety professionals. *Canadian Occupational Safety* covers a wide range of topics ranging from office to heavy industry, and from general safety management to specific workplace hazards. The print publication is distributed to 14,000 occupational health and safety professionals across Canada.
